City of Carroll

112 E. 5th Street Carroll, Iowa 51401-2799 (712) 792-1000 FAX: (712) 792-0139

MEMO TO: Honorable Mayor and City Council Members

FROM: Mike Pogge-Weaver, City Manager MPW

DATE: May 4, 2017

SUBJECT: Monument Sign Project
U.S. 30 East Entrance Sign

Pursuant to Council direction on April 10, Confluence has prepared an additional Alternate to the Option C U.S. 30 East Entrance Sign. The additional Alternate is identified on the attached as Fieldstone Precast concrete.

The Probable Construction Cost Opinion for each Option C Alternate is as follows:

Option C Brick	$12,480.60
Option C Limestone (Ledgestone)	$13,783.00
Option C Fieldstone	$13,079.00

These estimates vary from those reported on April 10, due to a minor change in brick-limestone-fieldstone area on the sign.

At the April 24th Council meeting, direction was given by the Council to construct a mock sign for viewing to ensure it will be visible from Highway 30. The mock sign has been completed and is scheduled to be viewed on site on May 5th. The results will be reported to the Council at their meeting on May 8th.

RECOMMENDATION: Mayor and City Council consideration and selection of a U.S. 30 East Entrance Sign Alternate to continue with development of Construction Documents, Plans and Specifications.
