SUBJECT: Mobile/Portable Radio Replacement

The State of Iowa is currently in the process of developing a statewide radio system. The Carroll County Joint E911 Service Board has opted to upgrade our equipment in order to be prepared for this change, which is scheduled to be complete by summer 2018. The E911 service board applied for and was given a grant to cover a large portion of the cost, drastically reducing the cost to the City. The City of Carroll will be responsible for 25% of the cost not covered by the grant for 6 mobile radios and 15 portable radios. The total cost for this equipment upgrade without the grant and cost sharing of the E911 Service Board would be $98,415.00. With the grant and the cost sharing our cost is only $12,301.88 which is 1/8th of the total cost. In order to take advantage of this savings, council will have to waive Purchasing Policy #501. We have budgeted $14,000 for the replacement of radios along with $3,000 for installation in the patrol cars.

RECOMMENDATION: Council consideration and waiving City of Carroll Purchasing Policy #501 and approval of the purchase of 6 Motorola APX7500 P25 mobile radios and 15 Motorola APX8000 P25 portable radios through the Carroll County Joint E911 Service Board for $12,301.88.
