SUBJECT: Carroll Chamber of Commerce – Funding Request
Carroll Area Development Corporation – Funding Request

Representatives from both the Carroll Chamber of Commerce and the Carroll Area Development Corporation are not able to attend the budget workshop meetings to present this FY 2018 funding request due to prior commitments. They have requested and will be at the meeting on January 23rd to review and discuss their FY 2018 budget requests.

Since both of these groups have received funding in the past their request has been incorporated in the FY 2018 budget books. The Council should hear their request and if changes are desired by the Council they can be made during the meeting on the 23rd or during the budget workshops on the 26th or 30th.

RECOMMENDATION: Receive both the Carroll Chamber of Commerce and the Carroll Area Development Corporation FY 2018 funding requests.
