DATE: February 23, 2017, ***March 9, 2017***

SUBJECT: Street Lighting Changes

Policy No. 0701 Street Lighting includes the provision that "The Council may remove any existing mid-block lighting on standard size blocks at such time as the mid-block street lighting is in need of replacement or becomes obsolete". Under the MidAmerican Energy LED street light conversion program, street lighting, including mid-block lighting, is obsolete and needs replacement.

During the conversion project several mid-block street lights fitting the Policy criteria for removal have been identified. A list of 36 mid-block street lights proposed for removal is attached. The list represents practically all of the mid-block lights identified during review with MidAmerican Energy. Mid-block lights adjacent to schools are not included in the list.

The projected impact of removal of the listed mid-block lights is as follows:

F.Y. 16 – 17 Budget	$162,000.00
F.Y. 16 – 17 Re-estimate	$173,000.00
Proposed Resolution	($3,331.44)
F.Y. 16 – 17 Adjusted Expenditure	$169,668.56

On February 27, Mayor and City Council considered the Resolution Covering Street Lighting Changes and decided to delay action pending additional public notification and comment. The proposal was publicized in news articles by Carroll Broadcasting and the Daily Times Herald. It was also posted on the City's website and social media.

RECOMMENDATION: Mayor and City Council consideration of the Resolution Covering Street Lighting Changes.
