Fire Department

As reported by Greg Schreck, Fire Chief

Routine Activities for the month:

The Department responded to 10 calls for service and held three training sessions in August.

Department members trained in rural water supply utilizing dry hydrants located at Swan Lake and at the Arcadia Limestone Gravel Pit located at 24126 240th St., north of Willey. These dry hydrants were installed approximately 15 years ago by department members to provide a water source to nearby rural residents. A dry hydrant is basically a 6" PVC pipe with a riser buried vertically in the ground next to the body of water. This section of vertical pipe extends 3' above the ground and has an adaptor for truck connection. A horizontal section of pipe with a strainer connects to the vertical pipe section below ground and extends approximately 15' into the body of water. When needed, a pumper truck will connect to the dry hydrant and draft water, pumping water from the body of water to tanker trucks that shuttle water to the rural fire scene.

Three members of the Department are also planning a community open house at the Fire Station on Sunday October 6th from 1:00 p.m. to 3:00 pm.

Police Department

As reported by Brad Burke, Police Chief

Routine Activities for the month:

On the 8th and 9th, Sergeant Tony Amdor and Officer Jeff Nichols were trained as drone pilots. These two officers are trained to operate a drone purchased by Carroll County Emergency Management. The drone will have many purposes and can be used for calls such as missing person, fire calls, and accident reconstruction among many others. The officers were also required to take a written test and become certified through the FAA.

Matthew Kennebeck began employment with the Police Department on August 9th. He began the academy on the 26th and due to his education was able to attend a shorter basic academy through Hawkeye Community College in Waterloo. Once he finishes with basic academy, he will begin a 10-week field training program before beginning patrol as an officer.

The Police Department participated in a Touch a Truck event at the Carroll County Community of Concern on the 9th. This was a food drive and fundraiser for the local food pantry.

Captain Ethan Kathol and Sergeant Gary Bellinghausen attended training in Storm Lake on employee complaints and discipline. These two officers handle complaints that are received from the public about the police department. While there are a minimal number of complaints, the investigators need to be able to properly conduct an investigation on a complaint in a timely and open manner.
